MOUNTAIN TOP CHURCH BEGINS RECYCLING PROGRAM

The Environmental Task Force of Mountaintop Church, 4112 Wilderness Road, has announced plans to begin a community-wide monthly recycling program.

A trailer will be available to collect materials on the first Saturday of each month from 9:30-11:00 a.m. Volunteers from the church and community will be on hand to help sort and load the trailer.

The church will collect rinsed glass jars and bottles, plastic milk and soft drink bottles, newspapers and aluminum cans. All items must be clean and dry with lids removed.

All materials are being taken to Evergreen Recycling Center where they will be unloaded and sorted. Proceeds from the sale of materials will be used for reforestation of Tri-State National Park, which was partially destroyed by fire last year.

Anyone needing more information or wishing to volunteer their services should call the church office at 555-1234.
